lurking in your  
skimmer basket.**

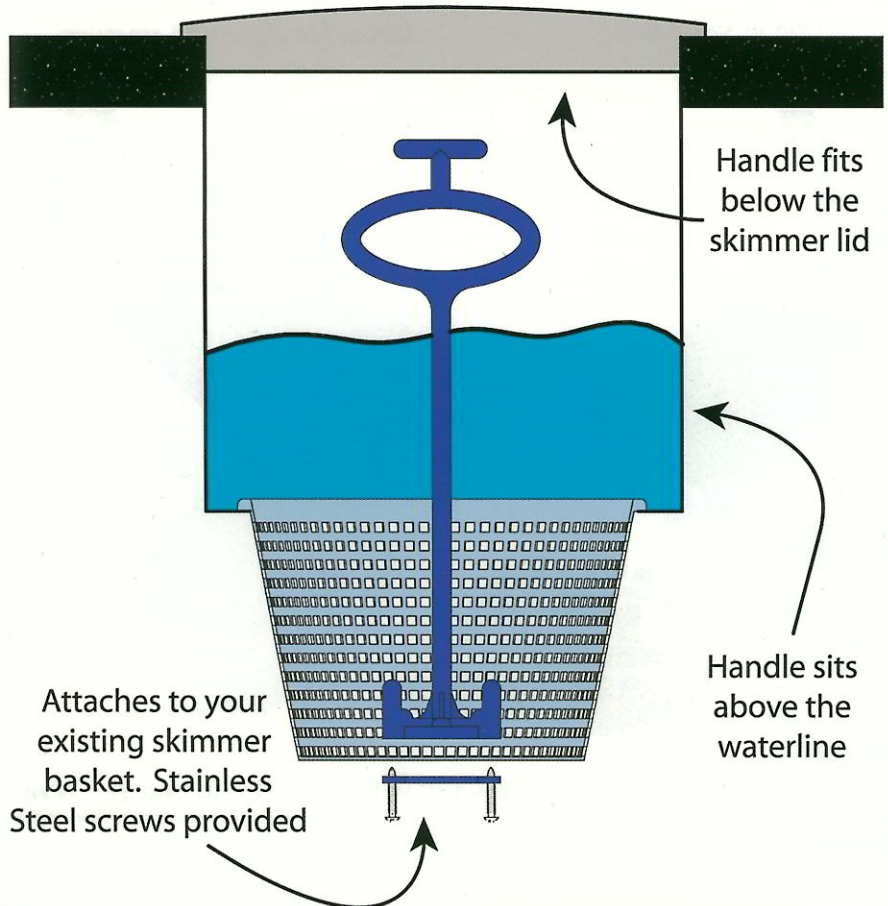

# THE SKIMMER ANGEL<sup>®</sup>

Frogs, snakes, bugs and worse - they all find a way into the skimmer basket. The new Skimmer Angel allows you to remove a basket without ever getting your hands wet, avoiding the critters, even the ones you can't see.

The Skimmer Angel installs on existing skimmer baskets, attaching to the bottom using two provided screws. The handle sits above the waterline and is always there when you need it.

The Skimmer Angel is packaged for high-impact retail sales and bulk packed for contractors and service professionals.
